SUNNYSIDE STUDENTS ARE GOING PLACES.
From our nation’s top universities and vocational programs to some of the most competitive jobs in the workforce, our students are college and career ready. Yet our success is not random, and it does not happen by accident. Our kids are ready because we set high expectations for them and walk alongside them through those learning moments. Being college and career ready is about the process of GETTING READY. Every moment our kids spend with us—it’s in the classroom or on the field or on the court—is about providing opportunities and experiences to get ready. Getting ready is not just about what we do, but about cultivating a growth mindset that seeks answers, adapts, and never quits. Like our students, the Sunnyside Unified School District is a learning organization where we all see ourselves as learners.

BEING READY is measured in moments. It’s in children’s eyes as they prepare to raise their hand to answer a question, or in the moment right before our students hear their name at graduation. We are ready and humbled you have entrusted your child’s educational development to us.

LOS ESTUDIANTES DE SUNNYSIDE VAN HACIA ADELANTE.
Desde las universidades más prestigiosas y programas de vocaciones, a los empleos en las industrias más competitivas, nuestros estudiantes están listos para la universidad y los carreras. Aun así, nuestro éxito no lo dejamos al azar, y no ocurre accidentalmente. Nuestros estudiantes están listos porque tenemos altas expectativas y sabemos cómo llevarlos adelante. El estar listo para la universidad y las carreras es un proceso de ALISTARSE. En todos los momentos que nuestros estudiantes están con nosotros—tanto en la clase, como en el campo o la pista—estamos de proveerles oportunidades y experiencias para prepararse. El estar listo es la forma en la cual cultivamos una mentalidad de crecimiento que busca respuestas, se adapta, y nunca se da por vencido. Así como los estudiantes que apoyamos, el Distrito Unificado de Sunnyside también es una organización de aprendizaje donde todos nos venimos como aprendices.

ESTAR LISTO es algo que podemos medir en momentos. Por ejemplo, el momento en el cual un niño se prepara para levantar la mano y contestar una pregunta, o la anticipación que una jóven siente antes de escuchar su nombre durante la ceremonia de graduación. Estamos agradecidos de la confianza que nos han aportado en el desarrollo educativo de sus hijos.

THE SUNNYSIDE UNIFIED SCHOOL DISTRICT GOVERNING BOARD

This year’s theme and creative platform, “Sunnyside, Go!”, is as much about going places as it is about coming home. In fact, this year marks a very special homecoming for District leadership. This is the first time in the history of our district that every member of our Governing Board and the Superintendent have the distinction of being Sunnyside graduates. This means that every one of them has experienced life at Sunnyside from the viewpoint of our students: Welcome back.

El tema y la plataforma creativa de este año, “¡Vamos Sunnyside!” trata con la exploración de lugares nuevos, así como también, el regreso a casa. De hecho, este año marca un regreso muy especial para el liderazgo de nuestro Distrito. Ésta es el la primera vez que todos los miembros de nuestra Mesa Directiva y el Superintendente tienen el honor de ser graduados del Distrito Sunnyside. Estó significa que cada uno de ellos regresan al Distrito que los vió crecer; el mismo Distrito que nuestros estudiantes consideran su hogar: Bienvenidos.

IN-SERVICE NO CLASSES FOR STUDENTS
Sometimes the best way to start the journey of college and career is to jump in. After all, learning is an incremental process where one door opens another. Students in our district are intellectually curious, which is why we provide them with opportunities for engagement through strong academics and extracurricular activities to stay physically and mentally fit.

A veces la mejor manera de empezar el camino a la universidad y a la carrera es de aventurarse. El aprendizaje es un proceso incremental donde una puerta abre la siguiente. Los estudiantes de nuestro Distrito están llenos de curiosidad intelectual, por lo cual ofrecemos actividades académicas y extracurriculares para mantenerlos físicamente y mentalmente sanos.
Ask any graduate from our schools and they’ll tell you our community is built on lifelong friendships, many of them formed in the early grades. Sunnyside schools offer safe and inclusive environments where our kids can thrive. Building a positive sense of who they are is key as students make the leap to college and careers. This year we have installed new playgrounds and physical spaces to jumpstart creativity and play—important components of innovative thinking.

Pregunta a cualquiera de nuestros graduados y te dirán que nuestra comunidad consiste de amistades de por vida, formadas en la primaria. Las escuelas de Sunnyside ofrecen un ambiente seguro e inclusivo donde nuestros niños y niñas puedan prosperar. El tener un sentido positivo de sí mismo es clave cuando nuestros estudiantes se lanzan a la universidad y a la carrera. Este año instalamos espacios nuevos para jugar y elementos de educación física para fomentar el juego y la creatividad—elementos claves de una mentalidad innovadora.

Students in the early grades count on caring staff and learning professionals who get that equations are just as important as hugs. This level of empathy is powered by our coherence framework, where every member of our learning organization—teachers, staff, and administrators—consider themselves a learner. When we see the world through a learning lens, we uncover learning moments in every interaction with our students.

Los estudiantes más pequeños dependen del cariño de nuestros maestros y profesionales de aprendizaje, que entienden que una fórmula es igual de importante que un abrazo. Este nivel de empatía forma parte de nuestro marco de coherencia, donde todo miembro de nuestra organización de aprendizaje—maestros, personal y administradores—nos consideramos aprendices. Cuando vemos el mundo vía el lente del aprendizaje, descubrimos momentos para retar a nuestros estudiantes a ser más independientes.
Our kids are our partners in learning. We encourage students to be themselves and discover opportunities that speak to them. Our approach to student development is based on creating agency so kids learn to be inquisitive and explore learning. As a district powered by a schoolforce of almost 2,000 caring employees working on behalf of each student, we have the people and infrastructure to ensure every child from preschool to high school is ready for a bright future.

Sunnyside students have a multitude of opportunities to explore interests that keep them engaged in school and foster a love of learning. Playing an instrument or being part of an after-school club teaches kids how to manage their time effectively—an academic behavior that research points out is key in college and career success.

Los estudiantes de Sunnyside tienen varias oportunidades para explorar intereses que fomentan el amor al aprendizaje. El tocar un instrumento musical, o ser parte de un club después de clases enseña a nuestras hijas a manejar su tiempo eficazmente—lo cual es un comportamiento académico que los estudios dicen que es clave para el éxito en la carrera y la universidad.
Whether serving in the armed forces, on community boards, or answering the call to pick up additional family responsibilities—our District is proud of the accomplishments of our students. We take pride in how our students carry themselves and how they represent our community. The ‘pride’ of Sunnyside is not just a motto, it’s a way of life.

Desde el servicio en las fuerzas armadas, en mesas directivas, o apoyando a sus familias al aceptar más responsabilidades—nuestro Distrito está orgulloso de los logros de nuestros estudiantes. Estamos llenos de orgullo de la forma en la cual nuestros estudiantes nos representan. El ‘orgullo’ de Sunnyside no es solo un dicho, es una forma de vida.

On the road to college and career, families are never alone for the ride. Teachers, neighbors, classmates, and friends pitch in from time to time to support one another. This is what makes Sunnyside one of the best kept secrets in Southern Arizona. From the excitement of the first day of school to the anticipation of graduation day, we count on one another to help with homework, offer to carpool, or volunteer to coach.

En el camino a la universidad y a la carrera, las familias nunca se encuentran solas en la ruta. Maestros, vecinos, compañeros y amistades siempre encuentran una razón para ayudar de vez en cuando. Esto es la razón por la cual Sunnyside es uno de los mejores secretos del sur de Arizona. Desde la emoción del primer día de clases, a la anticipación del día de graduación, todos contamos uno con el otro para ayudar a llevar a estudiantes a la escuela, a dar la mano con la tarea, o ser entrenador voluntario.
Families are the building blocks of our community and play a critical part in supporting our work. Generation after generation, Sunnyside families continue to entrust their children to our teachers and staff. That trust is built on professional excellence, dedication to the teaching profession, and personal relationships. As our students graduate from college, these bonds are such that many return to our District to teach, coach and mentor.

Las familias forman la base de nuestra comunidad y desempeñan un papel importante en nuestros esfuerzos. Generación tras generación, las familias de Sunnyside confían a sus hijos a nuestros maestros y personal. Esta confianza está basada en excelencia profesional, dedicación a la profesión educativa, y relaciones personales. Al terminar sus programas de estudio, nuestros estudiantes regresan al Distrito a enseñar, entrenar, y servir como mentores.
